January 2022

On 14 January 2022, we have conducted special online Kickboxing seminar dedicated on Kickboxing competition of 31st SEA Games Vietnam 2021 which because of COVID-19 Pandemic postponed to May 2022.

The Asian Kickboxing Confederation conducted a zoom technical seminar to focus on the opportunities and related challenges which facing its members in preparation for their participation in the kickboxing competition of the upcoming South East Games.

It was held under the auspices of Nasser Nassiri, President of the Asian Kickboxing Confederation.

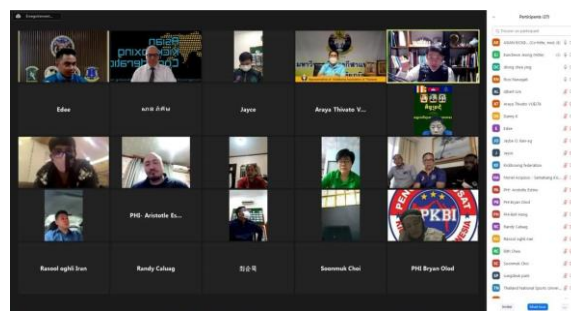

Jeong Euncheon, chairman of the technical committee of the confederation and executive board member of the Asian Kickboxing Confederation, conducted the seminar.

Initially, the Asian Sport Governing Body of Kickboxing has organized the Technical Seminar to assist the Cambodian Kickboxing Federation to gain familiarity in advantage with the rules and regulations of Kickboxing and in particular the rules applicable to the kickboxing competition of the 31st SEA Games .

At the same time, the opportunity has been given to national coaches and referees from Philippines Indonesia, Indonesia and Malaysia and some of the referees/judges of the Asian Confederation to participate in the seminar.

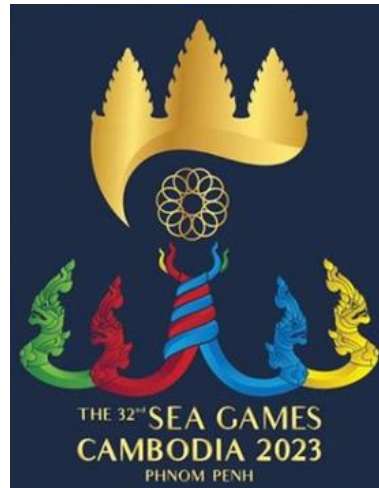

Topics discussed at the seminar included , the techniques, basic and specialized tactics and updated referee and judges' rules at the international standard with the specific aim of imparting knowledge to coaches. The seminar which took place at 3pm local time in Phnom Penh (Cambodia) and lasted for four hours ended with the projection and commenting of the highlighted video of Kickboxing competition of last Asian Indoor and Martial Arts Games.

February 2022

During February 2022, the Asian Kickboxing Confederation obtained the inclusion of Kickboxing sport as official sport in 2023 Cambodia 32nd South East Asian Games.

After inclusion and successful organization of Kickboxing during 30th SEA Games Philippines 2019 and organization of Kickboxing in 31st SEA Games Vietnam 2021 (which was postponed to 2022 because of Corona Pandemic and held in May 2022), and after various meetings between President Nassiri, Asian Confederation's management team the SEA Games Organizing committee, we were able to include Kickboxing as official sport in 2023 Cambodia 32nd SEA Games.

The inclusion decision take place after various exchanges between Mr. Nasser Nassiri, the President of Asian Kickboxing Confederation and 32nd SEA Games 2023 Organizing committee.

In fact, after successful inclusion and organization of Kickboxing competition in 2019 Philippines 30th SEA Games, the Asian Kickboxing Confederation was able to include Kickboxing in 2021 Vietnam 31st SEA Games but since the inclusion in 32nd SEA Games Cambodia 2023 was under review which has been officially announced.

Since 2007, the Asian Kickboxing Confederation had included and conducted with great success the Kickboxing competitions in different Asian Games such as 2007 Macau 2nd Asian Indoor Games, 2009 Thailand Martial Arts Games, 2009 Vietnam 3rd Indoor Games, 2013 Incheon 4th Asian Indoor and Martial Arts Games, 2017 Ashgabat 5th Asian Indoor & Martial Arts Games, 30th SEA GAMES Philippines 2019 and prepared an excellent without fault program for Kickboxing competition of 31st SEA Games Vietnam 2021. Obviously, we could only expect the confirmation of Kickboxing as official sport in the program of the 32nd SEA Games Cambodia 2023.

Our Asian members can now take benefit from these achievements in their respective countries with government and sport authorities support to develop and promote Kickboxing sport.

We are glad that we have been able to promote our sport properly and extend the development in South East Asian countries.

As previously reported, the Asian Kickboxing Confederation assisted the Cambodian NOC and facilitated their athletes' participation in the Philippines 30th SEA Games 2019 Kickboxing competition in which the Cambodian kickboxing athletes earned 3 bronze medals for their first participation. Since, the Cambodia Kickboxing Federation has been established and had been recognized by the sport authorities, their members were able to take part in different seminar conducted by Asian Kickboxing Confederation and took part also in Kickboxing in 2021 Vietnam 31st SEA Games .

The confirmation of inclusion, will give to our members in the region the unique and great opportunity to develop and promote our sport in national level with support of government and sport authorities. It is noted that the initial application for inclusion of Kickboxing in prestigious South East Asian (SEA) Games in 2015. Such inclusion brought the credibility also to all of our members around the world and had reinforced their position in their respective countries for development and promotion of Kickboxing sport.

Finance:

You have been informed by previous reports about the fact that the Asian Kickboxing Confederation (WAKO ASIA) did not have any revenue until year 2020. In fact, for simple reason of solidarity with its members and in order to assist the members to face their financial obligation through WAKO and also in their own national federations, the Board of Directors of the Asian Kickboxing Confederation was agreed that for time being the members will be exempted from paying their annual membership affiliation to the Asian Confederation.

However, since the decision of the Board of Directors of 27 September 2019 the affiliation annual fees is decreased and implemented starting January 2020, in conformity of the provisions of statutes of the Asian Kickboxing Confederation.

The only revenue of the Asian Kickboxing confederation was the amount of entry fee during the biannual Asian Championships received for registration of athletes which is served by organizing committee for payment of related costs of the same championships. This is of course non-significant amount compares to the cost of administration and workloads of the Asian Confederation and of course important cost of organization of the Asian Championships.

We have confirmed that the Asian Kickboxing Confederation dose not receive any subsidy from WAKO and we confirmed that Asian Kickboxing Confederation (WAKO ASIA) did not receive any subsidy from WAKO in 2022 like 2021, 2020, and previous years.

All activities of the Asian Kickboxing Confederation, including the costs of its day-to-day administration since its inception in 1997, have been funded from the personal funds of Mr. Nasser Nassiri, President of the Asian Kickboxing Confederation (WAKO ASIA).

We have made available to our members the audited financial statement for years ended 31 December 2019, 2020 and 2021 and the budget for year 2023.

Unfortunately despite the existence of the annual membership fee, as explained above, it has never been implemented before January 2020, in order to help the member to meet their other financial obligations. Indeed, the annual contribution has only been in place since January 2020 after having been reduced by decision of the Board of Directors on 27 September, 2019.

These annual membership fees do not bring significant revenue to the Asian Kickboxing Confederation and, among other things, many members have defaulted on their financial obligations to the Asian Kickboxing Confederation. As a simple example, a total of 7,385 US\$ and 8,500 US\$ were received as annual memberships for the years 2020 and 2021 respectively.

Like previous years, we did not have any income in 2019. The working expenses and operating expenses for year 2019 amount totalled 61,155 US\$ which were advanced by the personal funds of the chairman. For the first time, the income for annual affiliation memberships fee during 2020 and 2021 of 7,385 US\$ and 8,500 US\$ allowed the loss to decrease to 24,587 US\$ and 19,208 US\$ for the years 2020 and 2021 respectively.

The loss for the years 2019, 2020 and 2021 were advanced by personal funds of President and is added to the previous year's President Advance/Loan as loss brought forward.

The Asian Kickboxing Confederation's working expenses and operating expenses compared to the important activities during these years are reasonable. However, the Asian Confederation is now looking actively for the sponsors to finance its operations and increase its activities.

It should be noted that the Asian Kickboxing Confederation had important activities during the last few years such as the Asian Kickboxing Championships K1 Rules in 2016 in Korea, the Asian Kickboxing Championships in all other styles in April 2017 in Turkmenistan, the Asian Kickboxing Championships in all Styles in May 2018 in Kyrgyzstan, including participation and organization of various meeting related to Ashgabat 2017 Asian Indoor and Martial Arts Games, 30th SEA Games 2019 Philippines and SEA Games 2021 which was held in May 2022.

We should take note that Asian Confederation has also significant activities since decrease of Covid Pandemic with various costs of routine administration to assure the workloads of Asian Confederation and re-starting its activities.

During 2022, we had important costs in particular due to legal works for revision of statutes of Asian Confederation requested by WAKO. Also, preparation of our General Assembly in March 2021 which organisation was granted by mandate to the accredited law firm as decided by the decision of the Board of Directors of the Asian Kickboxing Confederation.

The above-mentioned costs are largely superior to what are the total income of annual memberships affiliation fee.

It is obvious that non-significant amount of the annual membership affiliation fee which is in place only from 2020 is not allow the Asian Confederation to assure its operations properly.

Therefore, it is necessary to find additional income for the Asian Kickboxing Confederation to assure the working and operating expenses which are important due to our activities and our mission to develop Kickboxing in Asia. We are also seeking for the sponsor and welcome any proposal assistance.

Conclusions

As you can see, we have undertaken to the best of our abilities all the necessary actions to ensure the continuity of our activities in the interest of all our members. We have made sure to be present and continue to do so and have organized the Kickboxing competitions expected in 2022 including those which we have been forced to postpone due to the COVID-19 pandemic in previous years.

We believe that the world is almost ready to increase activities but we all know that we are still not yet done with COVID-19 pandemic and we should be very careful about our engagement.

We update the information very often and keep all members and community in case there is any pertinent change in the announced program which should be considerate as provisional.

This report is published without prejudice and may be revised and supplemented should any omission or error be brought to our attention.

I would like to thank all members for their active participation in our activities in 2022 and in particular our prestigious Asian Championships which took place with great success from 10 to 18 December, 2022 with the participation of 20 Asian countries from 5 different areas of Asia

I would also like to thank the various committees of the Asian Kickboxing Confederation (WAKO ASIA) and their members for their efforts and contributions who continue to work as volunteers in difficult conditions and bring us their skills for a better organization and promotion of our sport.

This report is finalized, on 01 February, 2023.
